

WESTERN LIBERAL.

FRIDAY, MARCH 1, 1889.

J. P. Ownby is quite sick.

L. I. Marshall has been in from Hachita this week.

B. W. Claiborne is again yardmaster at this place.

We were visited by a fine rain Wednesday night.

E. J. Stollar is having his house covered with paint.

Dr. Lacy of Clifton was visiting the metropolis Tuesday.

D. R. Cunningham of Gold Hill spent Sunday in the city.

The March winds have been doing some tall blowing the past week.

Roberts & Leahy have purchased the lot east of their store, paying \$225 for it.

On the 25th of this month the brakemen are going to give a grand dance at Tucson.

John M. Klassen is now keeping the books for the Hart Brothers land and cattle company.

The fire department received 150 feet of first class hose this week and is now looking for a fire.

Assessor Klassen intends to start out on his rounds of the county next week. Chas. App will accompany him.

Last Monday five wagon loads of Mormons passed through town en route to the new Mormon settlement down in Chihuahua.

On last Friday night train robbers stopped a train near Pixley, California, killed two men, blew up the express car and got away with the cash in the safe.

Miss Winifred Jeannette Bart, who has been visiting in town, returned to her Silver City home on Wednesday. She was accompanied by Mr. K. P. Hart.

Wednesday Henry Rose was riding one of Hart Brothers' best horses rounding up some cattle when one of the cutters hooked the horse injuring it so severely that it had to be killed.

H. B. Hanna was in from the San Simon this week. He and A. J. Chenoith are making preparations to take out a ditch in the canyon and running north towards San Simon station.

L. A. Snyder was presented by his wife last week with a twelve pound boy. Mr. Snyder was on the west bound train on Monday night and said the young gentleman was named Benjamin Harrison Snyder.

Last Saturday night three burglars tried to effect an entrance to Dr. Gaddis' store. Unfortunately for them [Mr. Brough was sleeping in the store and he had a gun, by the aid of which he made a capture of one of them, the other two escaping. The one captured was sentenced to ninety days in jail and was taken to Silver Tuesday by Doc Heils.

Charlie App has been investing in the chicken business. He got an incubator filled it with eggs and set the thing to work. Somehow the combination failed to work. The time for the chickens to appear arrived but no chicks showed up, and Charlie has on hand several dozen of assorted eggs of which even a Chinaman could not make a coterie.

Since the first of January there have been half a dozen prisoners sent from here to Silver City on terms varying from thirty to sixty days, and at an expense, for traveling free alone, of about \$40 per prisoner. The amount thus expended would have nearly paid for a little stone jug. Would it not be economy for the county commissioners to build a jail here for the accommodation of short term prisoners? Figure it out, Messrs. Commissioners.

J. G. Parke a well-known citizen of the southern part of the county, passed through Silver City last week, on his way to Washington, where he will remain until after the inauguration. He is a candidate for surveyor general of the territory, and from letters in his possession from prominent senators he certainly does not lack for influence. Mr. Parke is a surveyor by profession and avocation and if he should receive the appointment the office will surely be in good hands.—Enterprise.

The Globe Silver Belt has received information that articles of incorporation for a railroad to commence at Sheldon on the Lordsburg and Clifton railroad, and to run through Solomonville, Camp Thomas and San Carlos to Globe, has recently been filed at Solomonville. Kansas City people are said to be the parties interested. The route is probably the most practicable that could be chosen, passing through a productive agricultural country, several thriving towns and two military stations, and reaching Globe, the bonanza copper camp of Arizona.

The sad news comes from Kansas City that on last Friday night Alfred M. Lay committed suicide by taking laudanum. Mr. Lay was well known in this section of country as the senior member of the well known mercantile firm of Lay & Boon, of Duncan. Last fall he sold out his interest in the business and removed to Kansas City, where he was living with his mother. He was making preparations to remove to Seattle, Washington territory, and go into business. There is no reason known why he should have committed suicide. He was of a melancholy disposition and it is supposed he was suffering from a fit of melancholia when he committed the rash act.

The Masquerade.

The dancing people of Lordsburg have been anticipating for some time the pleasure they would have in celebrating Washington's birthday at the masked ball, to which invitations had been issued by the Melancholy Four for that evening, and it is safe to say they were not disappointed in their anticipations.

The ball was at Black's hall, which had been prepared for the occasion. The music was by the Lordsburg orchestra, and was most inspiring, or more properly speaking heart thrilling.

The gay masquers began arriving shortly after eight o'clock, and for some time there was considerable amusement over the antics of a company of clowns, who were the center of attraction until the music started the grand march. The sight was a pretty one as the merry masquers marched to and fro, hither and yon, and many were the guesses as to the identity of the various ones.

The dancing was lively and spirited and the dancers enjoyed themselves thoroughly. The disguises were generally good, but it was evident that several pair of sharp—or loving—eyes were able to penetrate certain disguises, for the owners of the eyes aforesaid were constantly endeavoring to keep in the train of the suspected ones.

About eleven o'clock the masks were removed and many were the expressions of delight and surprise. One fair damsel expressed her surprise to a young gentleman friend at seeing him present. The young gentleman was dressed in doublet and tights, which exposed limbs which were better described as shapely than as sizeable and he wanted to know what should hinder his appearing at the festal scene. "Why," said the fair one, "why, I should have thought you would have been arrested before you got here for having no visible means of support."

Among the costumes were Mrs. Klassen as Little Bo Peep, with her shepherd's crook, but the sheep, like the tails, were left behind.

Miss Nita Skillings was the charming little Miss Muffitt with her curds and whey and the big spider.

Mrs. Small with cap and bells represented Folly, and folly which is always attractive to the average human being, was never more so than on this occasion.

Miss Minnie Kellum was a graceful representative of Maud Muller as the judge saw her raking hay.

Miss Gable as Yum Yum was dressed in an elegant Japanese costume.

Miss Winifred Jeannette Bart appeared all in white representing an angel, without wings. A young gentleman informed the reporter that this was no disguise at all, it was simply her natural character.

Miss Ella McWhitt represented a character which was very popular during the late campaign, Protection, and, very appropriately was draped with the stars and stripes.

Miss Alice Parker of Sagar looked younger than ever as a school girl.

Mrs. L. N. Comstock represented Morning in a dress of white with stars of gold.

Miss Nora Jones represented a flower girl; Miss Jennie Woodward a banjo girl; Mrs. Kellum and Mrs. Miller were in dominoes.

The gentlemen too had spent no little time and ingenuity upon their costumes.

R. P. Hart represented Mephistopheles, and his fine form showed off to good advantage in the handsome costume.

Walter Hart as David Garrick was a faithful representative of that handsome actor.

Harry Klassen represented the Prince of Paradise, but looked like the prince of peace.

L. N. Comstock represented the Lordsburg fire department in all the glory of a red shirt and shovel hat.

Lem Childers appeared as Sir John Falstaff but lacked about two pillows of being big enough.

Thos. Foster represented one of the Spanish Conquistadores, but could not get a force enough from his good natured countenance.

Harry Small on the natal day of the first president appeared as the last president in disguise. He was as big as Grover Cleveland and his disguise consisted of a German traveler of advanced age.

Thos. Woods as a Highlander needed but a claymore to make a complete picture.

J. C. Stockham, as a cowboy, had more guns than quirts, while Herb McGrath and John Johnson as infant cowboys had more quirts than guns.

A. P. Miller was made up as an Irishman and looked like a recent arrival from the old land.

Lem McGrath appeared as a ghost and looked like Hamlet's father.

Mrs. Schultz, Hoffman, Canthen, Carter and Knox appeared as a collection of clowns and made a pet of George Johnson, the baby clown.

R. Miller and Leahy were in dominoes.

The whole affair was a complete success, not the least entertaining part of which was the fine supper served by Henry Ross and wife and Sallie Smith.

Notice.

OFFICE OF PROBATE CLERK AND RECORDER, GRANT COUNTY, NEW MEXICO. A. H. MOREHEAD, Clerk. F. P. WHITEHILL, Deputy.

SILVER CITY, New Mexico, Feb. 14, 1889.

Bids for county printing for the county of Grant will be received by the board of county commissioners at their regular meeting March 13th, 1889, at which time bids will be awarded.

By order of the board. Attest: A. H. MOREHEAD, Clerk.

CLIFTON OULINGS.

Considerable, though quiet, activity prevails in mining movements. C. E. Rand of Chicago has purchased the piping that belonged to the Clifton hydraulic company. He will use the pipe to convey water from the San Francisco river to Silver Basin where he is going to erect a mill to treat the ores of the Baxter group, on which he has a working bond. His pumps will be located below those belonging to the Detroit copper company. He starts east in a few days on business.

Silver City parties have a bond on the Trinidad and other claims. They paid \$2,000 down and it would seem that there is a certainty from the fact that they have had a preliminary survey made for a spur from the main line of the Arizona & New Mexico railroad to the site where they intend to erect a mill, which is about 400 yards below John G. Ward's place, which is about a mile and a half below here.

Ike Hann and Tom Moss, prospectors, have arrived from the Mayflower district. They report that Silver City parties have been looking over the ground with the view of purchasing properties in that district.

P. J. Clark has been appointed notary public and says he is prepared to do all kinds of plain and fancy swearing.

Charley Hansen reports an unusual quantity of snow in the Grandville district.

Col. Jim Guthrie, the irrepressible, is out at Grey's Peak, prospecting for the Adams' diggings.

Col. Lew Friend and outfit are expected here daily, but at the present writing it is impossible to tell when he will arrive, as the San Francisco river is rising and if it continues to rise as rapidly as it has today, the 25th, it will be booming in a few days.

The Arizona copper company's store was burglarized last Thursday night, and between \$700 and \$800 stolen. On Saturday a party was arrested for the robbery.

It seems he passed a \$20 bill which was marked in such a way that Sig Weisel, who has charge of the company's store, recognized it. As soon as District Attorney Patterson returns he will have a preliminary trial.

John—Miss M. daughter of Mr. and Mrs. John Torrence, aged 2 years, 10 months and 12 days.

Edna, daughter of Mr. and Mrs. John Torrence, died on the 25th inst. from scarlet fever. She was their first born and was a sweet, beautiful child about three years of age. The funeral took place on the 26th and was attended by every one who could possibly go. John Shennan general manager of the Arizona copper company kindly furnished a special train to convey the cortege to the burial ground. The little coffin was tenderly borne by Harry Smith, Thos. Smith, Alex. McVicar and James Smith.

The burial service was feelingly read by Mr. James Cromb. Then that touching hymn "Nearer my God to Thee" was sung by Mesdames Winkley and Sias in a manner artistic and impressive; a prayer followed, and the cadence came to that period, where the dull sound of "earth to earth" is reached, then the bereaved mother gave way to her pent up grief. To say that this community sympathized with Mr. and Mrs. Torrence is but to feebly and coldly express the sorrow entertained. Mr. Torrence can truly say with the poet:

Little feet that came to meet me, Patter, patter on the floor, Voice so sweet that used to greet me As I neared the cottage door, Sweetest music bringing gladness When my daily tasks were o'er; Now my heart is filled with sadness For those sounds I hear no more.

NAHANT.

There is Hope for Allan Yet.

From the Enterprise.

The Enterprise is glad to learn that Allan Macdonald, of the wicked Mesilla Democrat, recently visited El Paso for the purpose of attending divine worship. He is really not as bad as he looks, which is saying a good deal, but still it is not likely that he can shake off his worldly ways by a single trip to the holy city of El Paso. We hope that after a while he may become as righteous and happy as the great and good Don Kedsie, who is so near a god himself that he is permitted to run a newspaper in Lord's burg.

The Arizona & New Mexico ditch company is taking out an irrigating ditch in the San Simon valley and T. J. Clark thinks the ditch is going to injure him, and so has brought suit against the ditch company. It is stated that the San Simon cattle company is backing Clark.

Advice to Mothers.

Mrs. Winslow's soothing syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the children from pain, cures dysentery and diarrhoea, griping in the bowels and wind colic. By giving health to the child it rests the mother. Price 25c. a bottle.

MINING MATTERS.

Reports from Various Camps—Items of General Interest to Miners.

The latest quotations are: Silver, 93 1/4; copper, 16.00; lead, 3.70.

The Gold Hill company has got a surveyor at work surveying its claims.

A railroad carpenter named Burns while working on a culvert near Pyramid switch discovered some rich float. He traced it towards Lee's peak and discovered a ledge from which he is taking \$200 gold ore. It is an extension of the St. George.

The Friend company at Clifton have decided not to put in the mill described in the LIBERAL some weeks ago. The company building the mill made numerous promises and guarantees in regard to the mill, but when it came to signing a contract these were all left out, and so the Friend company is now negotiating for a stamp mill.

Shiloh's vitalizer is what you need for constipation, loss of appetite, dizziness and all symptoms of dyspepsia. Price 10 and 75 cents per bottle. Eagle drug store.

THE CHICAGO DAILY NEWS

The Real Secret of the unparalleled success of THE CHICAGO DAILY NEWS may be found in two distinguishing characteristics, which more than anything else have contributed to its remarkable growth.

First—It is a Daily Paper for Busy People. The people of the busy West appreciate keenly the necessity of an intelligent knowledge of the world's daily doings, but they are too busy to waste valuable time in searching through a cumbersome "blanket-sheet" newspaper for the real news of art, literature, science, religion, politics, and the thousand and one things which make up modern civilization. They want news—all the news—but they don't want it concealed in an overpowering mass of the trivial and inconsequential. It is because THE CHICAGO DAILY NEWS is "a fact sheet and no chaff" that its circulation is over a million a week.

Second—It is an Independent, Truth-telling Newspaper. The people demand a fair, impartial, independent newspaper, which gives all the news, and gives it free from the taint of partisan bias. With no mere political ambition to gratify, no "ax to grind," the impartial, independent newspaper may truly be said of every state of political faith; and this is why THE CHICAGO DAILY NEWS has today a circulation of over a million a week.

THE CHICAGO DAILY NEWS now adds to these two comprehensive elements of popularity, a third, in its unparalleled reduction of price to ONE CENT A DAY.

It is always large enough—never too large. THE CHICAGO DAILY NEWS is for sale by all newspapers at One Cent per copy, or will be mailed, postage paid, for \$5.00 per year, or 25 cents per month. The farmer and mechanic can now afford, as well as the merchant and professional man, to have his metropolitan daily.
